Diaper Cream Application Permission

Child's Name: _____

We recommend that parents apply diaper cream to their child, as needed, before arriving at school. We will have Desitin diaper cream available for our staff to apply, as appears necessary. If you would prefer that we use a specific diaper cream other than Desitin, please list the brand below and provide a tube for school use. Application of diaper cream will be tracked on the diaper/potty chart.

Should the need arise, I give permission for staff to apply diaper cream to my child.

Diaper cream brand preferred (if other): _____

Parent/Guardian Signature: _____ Date: _____

If you would prefer that diaper cream not be applied, please sign and date below.

Parent/Guardian Signature: _____ Date: _____
